CAMERA HARD CASES

Yourbox Memo

DÖRR

Dear Customer,

Thank you very much for your interest in DÖR Photo Bags and Cases.

When we design our bags and cases we lay great importance on product design and functionality. The high quality level is granted by the combination of selected sturdy materials with an accurate workmanship. When you browse through the catalogue you will find bags and cases to fit the latest camera models and a comprehensive photo or video equipment.

Once you plan to buy a new photo bag or case, we suggest that you will bring your gear to a specializing shop and try out the DÖRR bags there.

We wish you great enjoyment with the selection of your new bag or case.

Information

Intelligent Memory Card Compartment – what does it mean?

We all know the problem. Full and empty memory cards are laying around in the photo bag’s accessory net in a chaotic order. To avoid the chaos we started to fit our camera bags with intelligent memory card compartments. The compartment with red marking is for full memory cards, the compartment with green marking is meant for empty card. This is how we help to avoid confusion!

Parkour

Small

Your sporty companion even in extreme situations! Fits tight to body for secure and comfortable wearing.

- Model Small & Large: opens away from the body for quick access
- Light grey Soft-Lining for easy recognition of camera gear
- Variable photo interior and spacious compartments for accessories

PHOTO BACKPACKS

They are good company on photo trips, outdoor shootings and for the travelling photographer. Photo backpacks offer plenty of room and a great carrying comfort. And they provide best protection for your photo gear and other luggage.

Icebreaker

Small

Medium

Large

Icebreaker – when it comes to expeditions! The backpack series is designed to stand the hard daily use. The comprehensive photo equipment with tripod and laptop can be stowed comfortably and is well protected against humidity, cold and shocks. The heating pads in the isolation compartment avoid self-discharge of the camera battery as it happens in cold temperatures. The Icebreaker provides a high carrying comfort and comes with plenty of clever features:

- Extremely robust D1680 Ballistic Nylon
- Variable, spacious and well padded photo interior
- Waterproof zippers, rain and dust protection cover
- Isolation bag for batteries with hot pack
- Removable memory cardpocket in signal colour
- Laptop compartment

"... indeed the backpack seems to stand an expedition to the Antarctica", "... waterproof, perfect protection, notebook compartment, spacy photo compartment"

Yuma Sling Bag

The Yuma Sling Bag is good company on photo trips. The interior is spacious and variable. The bag can be pulled in front of the body for quick and grants unrestricted access to the photo equipment either through the lateral opening or the all-around zipper. So you won't miss an opportunity for a great photographic object.

- For quick-access to the photo equipment: the bag can be pulled in front of the body
- Two-way access to the main compartment: lateral opening and circumferential zipper
- Large opening for the top compartment
- Lateral tripod loop

Yuma Double Sling Backpack

The Double Sling Backpack nicely complement the successful YUMA Photo Bag series. The three ways to carry the backpack offer a maximum of flexibility to the photographer: Carry it as a regular backpack or a sling case either on your left or right shoulder. The straps which are not in use can be hidden behind the back padding. Quick access to the photo gear stowed in the main compartment is granted by two latereral openings and all-around zippers or the spacious front compartment.

- Three ways to carry the backpack: Sling left or right or as a backpack – the straps which are not in use can be hidden behind the padding
- Access to main compartment through lateral opening with circumferential zipper, lid or large front compartment
- Tripod loop at the bottom
- Various accessory pockets and lateral nets for bottles and more

Info

Pre-Cut Foam
The cube shaped pre-cut foam allows a tight fitting to the camera gear. The small cubic foam parts are just taken off until the shape is suitable to your equipment. So it can be stowed safely.
If your equipment changes, you can buy replacement pre-cut foam – it is available for all Silver series cases.

PELI

Since 1993 we are the German distributors of PELI cases in Germany.

Peli cases are made of synthetic material of high specifications granting the following the key features:

- *Air and dust tight*
- *Waterproof*
- *Unbreakable*

The ultimate protection for photo equipment and other damageable gear.

BOBLBEE®

Refined Features, gaudy color details and ultramodern design!

The hard shell backpacks are convincing by their manifold refined features, packed in a futuristic design with great focus on ergonomics and safety. The incorporated bag protectors grant safety to the photographer and the equipment.

Bags and backpacks for laptops are rugged and made for everyday use. Gaudy color details nicely combine design and practical features.

The ProCam photo backpacks combine the advantages of a hard shell with the spacious interior designed to store and transport photo gear safely.
